

VTG VIRTUAL TECH GURUS

BUILDING A SUSTAINABLE CLOUD

A WHITE PAPER

SUSTAINABLE CLOUD – 3 PHASES

Master the Technology – Simplicity, Security, and Scalability.

Knowledge transfer and training to your technical staff by seasoned VTG consultants with proven track records for all levels of enterprise.

- Cloud Readiness – Scored IT Assessment and Game Plan
- Reduced Training Costs
- Lightning Fast Deliverables
- Optimization and Usage Models

Adopt the Operational Methodology – Complete data center integration with all software and personnel conducted by VTG specialists in DevOps, Project Management and Service Delivery

- Break silos to form a cohesive Cloud Delivery “Team”
- Achieve Cost and Resource Accountability – Infrastructure/Development

- Improved Development Lifecycle
- Reduced Procurement Costs

Duplicate and Refine the Process – Real-time responses for the dynamic needs of the business with orchestration of all software through customization, integration and automation of various multi-vendor API calls.

- Cloud Readiness – Scored IT Assessment and Game Plan
- Reduced Training Costs
- Lightning Fast Deliverables
- Optimization and Usage Models
